**THE CITIZEN.**  
FRIDAY, - - - AUGUST 15, 1879.  
**LOCAL MATTERS.**  
From Wednesday's Daily.  
**Park Hall Rebuilt.**  
It is now time to again compliment Ross Levin as the repairs on the Park Hall ap-  
proach completion. We are rather glad  
the old roof fell in (just when it did) for  
now Tucson can boast of a hall that is not  
excelled this side of San Francisco. The  
roof has obliterated the necessity of the  
center posts which really spoiled the Hall  
as it was before. The walls have been  
built up six feet higher giving the ceiling  
a height of twenty-four feet. Just below  
the ceiling is a row of ventilators, ten  
feet apart and each three feet long by  
eighteen inches deep, which together  
with the windows below give the Hall  
excellent ventilation. The ceiling is a  
bright sky-blue spangled with silver  
stars. At the lower end of the hall  
Mr. Levin has opened a doorway lead-  
ing into two rooms which are to be for the  
accommodation of gentlemen. The first  
is a smoking room and the second for re-  
freshments. The rooms adjoining on the  
upper end of the hall are to be arranged  
for ladies exclusively. This suit consists  
of four rooms suitably furnished for the  
accommodation of children and nurses  
when ladies find it necessary to bring  
them. Mr. Levin also has five chandel-  
iers now on the way from San Francisco  
which cost him \$400 there. When the im-  
provements are all completed, which will  
be about September 1, we will have a spu-  
cious and beautiful hall, well adapted to  
every variety of entertainments.  
**Supervisors' Proceedings.**  
The Supervisors met at 2 p. m., yester-  
day, full Board present.  
The bond of Fred G. Hughes as Public  
Administrator was approved.  
District Attorney Hugh Farley and  
Treasurer R. N. Leatherwood made a set-  
tlement with the Board on the delinquent  
tax list for 1878.  
The petition of Castro for a new road  
south from Tucson was laid over for fu-  
ture consideration.  
The Board then adjourned to Monday  
August 18, when they will receive and  
compare the tax and assessment rolls and  
deliver the former to the Sheriff for col-  
lection.  
KANSAS is now represented in town by  
Hon. W. H. Phillips, Member of Congress  
from the First District of that State, who  
arrived by stage from New Mexico last  
evening. He is one of the party that came  
through with Col. Boyle to Shakespere,  
and will spend several days in looking  
over Arizona industries and resources. In  
a brief interview Mr. Phillips remarked  
that he was quite disappointed in the  
weather. In that he found it so pleasant  
in midsummer, when it had been spoken of  
as a burning desert. We believe his im-  
pressions generally of our people and  
country will be equally pleasant.  
MR. S. M. LOWELL is in town from his  
ranch on the Sonora. He was one of the  
sufferers from the recent raids. Stock  
taken from him cannot be replaced for  
\$800. This is most unfortunate and dis-  
couraging, and we trust the Mexican and  
American forces will unite and extermi-  
nate these marauding bands.  
The Road Commissioners had a meet-  
ing this afternoon. The successful bidder  
has placed \$8,750 gold coin in the bank of  
California in payment for the road bonds.  
FRESH California ranch butter, peaches,  
barlett pears, plums, black hampburg  
grapes and apples received daily at Pierce  
& Wood's, Meyers street.  
We publish to-day a very interesting re-  
port of the Harshaw mining property of  
Patagonia. It will be read with much in-  
terest.  
SHERIFF SHIRELL is again at his duties  
and looks refreshed from his trip to  
'Frisco.  
PARTIES in town from the vicinity of  
Dos Cabezas report good progress in that  
section.  
THE finest brands of Havana cigars and  
cigarettes, chewing and smoking tobacco  
at the Pioneer News Depot.  
From Thursday's Daily.  
The ball last evening was in every par-  
ticular satisfactory to all who attended  
and the audience was a large and select  
one. The Park was brilliantly lighted,  
the music was good and all who were not  
beautiful were at least gay. Our generous  
citizens were most liberal in their dona-  
tions of refreshments of every character.  
We have heard many express an opinion  
very much to the credit of the manage-  
ment.  
At a meeting of the Road Commission-  
ers this morning a number of accounts  
were passed and everything put in con-  
dition for the making of the road as soon as  
the bids for making the road are opened,  
which will be on Saturday next, August  
25.  
MR. ALBERT SPRINGER arrived yester-  
day and has taken his position as book-  
keeper in the house of Zeckendorf &  
Staeb. He is an affable gentleman and  
we understand quite an acquisition in a  
musical way. We bid him welcome.  
We protest against the "Pinafore"  
jokes perpetrated by our recently re-  
turned Sheriff, as we have the preference  
in that line.  
THE receipts of the ball for the benefit  
of the new hospital last evening is es-  
timated at about \$75. The same will be quite  
an assistance.  
CIRCULATING LIBRARY. - Best novels in  
English and Spanish at J. S. Mansfeld's  
Pioneer News Depot.  
To-Day's.  
AMONG the passengers on the coach  
from Tombstone last evening was Col.  
Witherill on his way back to Arivaca  
after briefly looking over his Tombstone  
properties. We learn from the Colonel  
that the Arivaca mill is now in complete  
working order and will be started up on  
Monday next if sufficient ore is on  
hand. Ore is now being taken from sev-  
eral mines with the intention of reducing  
it at the mill and Mr. Witherill thinks  
that the ore supply will soon be sufficient  
to keep the mill running nearly all the  
time. It would be the best thing for the  
district and would do us all good to see  
this mill turning out silver bars and we  
trust we may not have long to wait for  
the desired bullion. Mrs. Witherill and  
Dr. Gerould were quite contented with  
their new home on the Arivaca.  
This morning A. D. Otis & Co., received  
their first shipment of lumber from the  
new mill of Morse & Co., in the Chir-  
cacha mountains. Another large ship-  
ment is on the road. Otis & Co., will soon  
have their yard full of seasoned lumber  
of both Arizona and California growth  
and will fill all orders promptly and  
with satisfaction.  
MEMBERS of the Athletic Association  
will please remember that this is practice  
night again.

MR. AND MRS. R. M. JACOBS have made  
elaborate preparations for the entertain-  
ment of the many friends they have in-  
vited to make merry with them this evening  
and an excellent good time may be  
expected.  
The Cosmopolitan Hotel is deservedly  
gaining a large patronage. It is one of  
Arizona's best hotels, and has a live pro-  
prietor who desires to accommodate every  
guest.  
DAGUERRE'S train is expected to-morrow  
from the end of the railroad, with 75,000  
shingles and 5000 feet of redwood lumber  
for A. D. Otis & Co.  
MR. N. W. BERNARD brings good news  
from Arivaca and will stop a few days in  
town.  
MANY have thought it quite warm to-  
day yet the thermometer only reached 94  
at 2 p. m.  
An excellent opportunity is now offered  
to any one desiring to purchase a new  
set. See the new advertisement.  
The telephone line is now in splendid  
condition and at 3 p. m., to-day the hooks  
in the Tucson office were clear.  
**What They Say.**  
The Mesilla News reporter has had  
a long interview with the Shakespere  
miners and fills over two columns in the  
last issue of the News with what was  
told him. We extract the following:  
The Shakespere Gold and Silver  
Mining Company will go into active  
operations and after deciding the  
cheapest and best way to operate with  
the ore, will in fifty days have reduc-  
tion works which will treat 100 tons  
of ore per day.  
Col. Boyle will be General Manager  
and Superintendent, and he has ap-  
pointed Henry C. Harper M. E. who is  
a graduate of Columbia college  
School of Mines, as Assistant Super-  
intendent; he has had ten years actual  
experience in mining and in the var-  
ious methods of treating the different  
ores, also is a civil engineer, and has  
been connected with several railroad  
companies.  
There is no doubt, about the reduc-  
tion works being on the ground at the  
earliest possible date. Three strong  
companies are now formed and ready  
for work and two more forming; mak-  
ing five strong companies with good  
financial backing at the start, and  
these companies believe in nothing  
but honest, legitimate mining; and  
they want none but honest, hard work-  
ing men in their camp and prefer  
those with families, who expect to re-  
side permanently at the mines and to  
organize as respectable a community  
as can be found in any New England  
town.  
Maj. W. J. Mills was next inter-  
viewed and gave the following notes  
concerning his company: "The South-  
ern Pacific Mining and Mineral Land  
Company, is composed of Ex-Gov.  
Collins, M. Ingersoll, Chas. L. Mitchell,  
vice-president of the Winchester Arms  
Company and director and president  
in several other institutions and com-  
panies, Dr. John J. Crane, R. P. Hart,  
Prof. Wm. P. Trowbridge mining ex-  
pert Columbia college, myself and  
several others.  
We own five good mines at Shakes-  
pere and intend to push work on  
each mine and obtain patents for them  
at an early day. Our company are  
composed of men of means and who  
have taken all the stock, and have put  
up all the money wanted, and it is ex-  
pected to work the mines in an honest,  
legitimate way and to make them pay  
regular dividends.  
We will commence at first with only  
a 20-stamp mill, which will be here  
as quick as it can be got on the  
ground, probably fifty or sixty days.  
By the early part of next year the  
railroad will be at or very near our  
mines we can commence more exten-  
sive operations. Our company, our  
mines and our operations are distinct  
from that for which Col. Boyle is  
working, but the different companies  
will act together for the peace, protec-  
tion and best interest of the camp.  
**The Beginning.**  
A special to the Mesilla News dated  
Shakespere, August 8, announces the  
arrival of Col. Boyle and party, and  
says:  
Our place immediately assumed a  
live, active appearance upon their ar-  
rival. Orders and directions were  
given at once that shows they mean  
business.  
A cavalry company was organized  
of miners; officers will be elected in a  
few days and they will soon request  
commissions from the Governor.  
They will probably furnish their own  
arms. They will be for the protection  
of their own camp and preservation of  
peace; also subject to the call of the  
Governor in case of any sudden emer-  
gency. No tramps, dead beats or  
thieves are wanted in this camp; if  
they come they are liable to be escort-  
ed out of the limits, and if they return  
it will be at the peril of being fruit on  
a tree or food for worms.  
**Freight via Utah.**  
The Miner's Mineral Park corres-  
pondent (in Mohave) says:  
Our Board of Supervisors are con-  
sidering the proposition of building  
a road to Stone's Ferry on the call of  
the Governor in case of any sudden emer-  
gency. No tramps, dead beats or  
thieves are wanted in this camp; if  
they come they are liable to be escort-  
ed out of the limits, and if they return  
it will be at the peril of being fruit on  
a tree or food for worms.  
**The Chiricahua Lumber Mills.**  
Information from Morse & Co's new  
lumber mills in the Chiricahua moun-  
tains states that the saws have been  
running nicely for over two weeks,  
and a considerable quantity of excel-  
lent lumber has been turned out.  
Teams have loaded for Tucson, Tomb-  
stone, Sulphur Springs, Fort Bowie  
and Rucker, and other points. This  
is a cheerful beginning of an enterprise  
that merits success and seems likely  
to attain it rapidly.  
Information from the new Chir-  
cacha saw-mills states that about 20,  
000 feet of lumber is being turned out  
daily and teams are awaiting to haul  
it away as fast as it is cut. The de-  
mand is greater than the present  
capacity of the mill will supply. The  
shingle machine is expected to be  
in operation next Monday. We con-  
gratulate Messrs. Morse & Co., on  
their deserved success.  
SUPERINTENDENT NORTON, of the  
N. M. and T. Co., has recently made  
a trip over the entire line from Santa Fe  
to Tucson and reports it in excellent  
condition and giving general satisfac-  
tion.  
CLOUDS rains are reported in the  
Mesilla valley, immensely benefitting  
the growing crops.

An elegantly carved heavy eased Elgin  
Chronometer, the finest watches made, a

NEW novels at Earl & Co.  
STATIONERY at Earl & Co.  
ITEMS from the Weekly Miner of  
August 8:  
Letter received from W. H. Hardy  
says he has been successful in getting  
money in New York, far beyond his  
expectations, and that he intended  
mining of a larger scale on his return,  
than had been heretofore done in Mo-  
have county. The McCrackin Com-  
pany is making every effort to resume  
work.  
The 5-stamp mill at Mineral Park  
is turning out \$1000 to \$1200 per day  
from the Keystone and Tulica mines.  
Up to August 4, Mohave county had  
had but little rain though badly need-  
ed.  
The man who set fire to the Aztlan  
mill has not been discovered.  
Business in Prescott has increased  
during the last thirty days consid-  
erably, owing probably to the several  
extensive and important mining enter-  
prises that have been inaugurated in  
this section of late.  
The rains which have been so cop-  
ious in these mountains for the past  
week or two have extended no further  
south than Bumble Bee Flat, on the  
Black canyon road.  
The first flour ever brought to the  
Prescott market from the mill at Ver-  
de, was received here this week, and is  
pronounced good.  
The Peck stage on the 7th, brought  
six bars Haverhill bullion, \$3,  
340.37; five bars Peck bullion, \$7,075.  
31.  
Governor Fremont will in all prob-  
ability be home on the 13th instant.  
The creeks and gutters in the vicinity  
of Prescott now carry an abundance  
of water, and placer mining is being  
carried on vigorously.  
The daily mail between Prescott  
and Mohave county arrives and de-  
parts on time.  
Information is received that Gover-  
nor Fremont has sold in New York  
city, one half of the Leviathan mine  
in Weaver District, for five hundred  
thousand dollars.  
A few days ago we published an  
extract from a communication "Reno"  
sent to the Phenix Herald, in which  
the people of Prescott were commended  
for their unity and public enter-  
prise. The Arizona quotes the same  
paragraph, and adds:  
We feel pleased over these laudatory  
remarks, which may astonish some  
Yavapais, who really feel that a little  
more harmony and concert of action  
among Yavapais might be crowded in  
without much injury to anybody.  
THE American Union Telegraph  
Company has been temporarily re-  
strained from building its line along  
the Washab Railway, through the  
States of Ohio, Indiana and Illinois,  
by Justice Harlan and Judge Drum-  
mond, the ground being a contract be-  
tween the Railway Company and the  
Western Union Company giving the  
latter the exclusive right to maintain  
telegraph lines along the road of the  
former.  
CLOUDS rains are reported in the  
Mesilla valley, immensely benefitting  
the growing crops.

**Mining Work Notice.**  
TO T. MCCARTY AND ALL OTHERS  
interested in those certain mining  
claims known as the Rosie Blade and Ex-  
press situated in the Tombstone Mining  
District, Pima county, Arizona.  
This is to notify you that in accordance  
with provisions of the mining act of May  
1872, that in compliance with require-  
ments of said act, work has been done on  
said mining claims for one year back past,  
ending July 31, 1878, by the undersigned.  
Now, therefore, if within ninety days  
from the first publication of this notice,  
you do not agree forward and pay your  
proper proportion of the cost of the said  
work, the undersigned will claim forfeit-  
ure of all your rights, title and interest,  
in and to every portion of said mining  
claim.  
J. W. MURPHY,  
J. E. KNOX.  
Tucson, August 8, 1879. 48-1313  
**Globe City and Tucson Wagon  
Road Proposals.**  
OFFICE OF GLOBE CITY AND TUCSON  
WAGON ROAD COMMISSIONERS.  
Tucson, August 8, 1879.  
PROPOSALS WILL BE RECEIVED BY  
me, Secretary of the above-named  
Commissioners, at my office, in the City  
of Tucson, until Saturday, August 23, at 1  
o'clock p. m., for the construction of a  
good passable wagon road from a point at  
or near Old Camp Grant to Globe City.  
Bidders will state definitely the route  
over which they propose to construct the  
road and all facts necessary for a full un-  
derstanding of their bid.  
The successful bidder will be required to  
commence work on the road within 15  
days after the awarding of the con-  
tract and to prosecute the same to com-  
pletion without unnecessary delay.  
Payments for construction of work to  
the successful bidder will be made in Tuc-  
son by W. W. Williams, Treasurer of the  
Board, as follows: Fifty per cent. month-  
ly, as the work progresses; balance on  
completion of contract.  
The Board reserves the right to reject  
any and all bids offered.  
By order of the Board of Commissioners.
